

BEN VAN DER STEEN
NED 57
IFCA SLALOM
WORLD CHAMPION
2008

Our upcoming star Ben Van der Steen just secured the IFCA Slalom World Title. Using the new improved 2009 SC race sails, Simmer Style have proved to be recognized in the 2009 race events. The event was held in the harsh conditions at Big Bay in Cap Town. Ben says they had fine conditions with 10-20ktns wind every day when the 21 competitors raced for the prestigious title. Ben also went to quarter finals in wave event, competing against fellow team riders Andreas Olandersson S66 and Ben Proffitt K800 who advanced to semi finals boosting massive doubles. A great start on 2009 for the Simmer team. Congratulations Ben!
